

Salesforce Administration Project

Covid19 Tracker

learnsalesforce@madhu

OUTCOMES:

1. The App not only gives you information but also gives you the hospital Billings based on the Government Guidelines.
2. If Patient has a Ration Card , based on the ration card it takes One day Bed Charges and One Day Ventilator Charges.
3. If a person does not have a ration card it takes automatically.
4. We give Hospitals to only How much day the patient takes treatment and Expense Amount only.
5. There is **NO CHANCE TO EXTRA** Amount Pay To Hospitals.
6. This App sends Email to Patients When the Payment Successful or Pending.
7. This App gives proper information about Hospital Bed Numbers
So that Patients can take treatment easily
8. Hospital Use below 1000 beds to non covid cases.
9. The app gives you proper information about the allocated Doctor.
10. The app gives the patient parent details so that hospitals give information about Patients.

	Covid19 Doctor Name	Covid19 Hospital	Degree	Doctor ID	State	Number

10	Anil	IFortice Hospital	BHMS	Covid19-0002	Orissa	(910) 920-3712

Start Project:

1. Covid19 Hospital(Object)

Field Name	Datatype	Values
Covid19 Hospital Name	Picklist	Govt Private
Authority of Hospital	Text(80)	
Covid Bed	Formula(Number)	Total_Bed_Capacity__c - Non_Covid_Bed__c
Covid Care	Checkbox	
Hospital Address	Text Area(255)	
Hospital Number	Phone	
Hospital State	Picklist	Mention all States
HospitalID	Text(10)	
Non Covid Bed	Number(18,0)	
Total Bed Capacity	Number(18,0)	

2. Covid19 Doctor (Object)

Field Name	Datatype	Values
Covid19 Doctor Name	Text(80)	
Covid19 Hospital	Lookup(Covid19 Hospital)	
Degree	Picklist	Mention some medical degrees
Doctor ID	Auto number	Covid19-{0000}

Number	Phone	
State	Picklist	Mention some states

3. Covid19 Patient Major (Object)

Field Name	Datatype	Values
AADHAR Number	Number (12,0)	
Covid19 Doctor	Lookup(Covid19 Doctor)	
Covid19 Hospital	Lookup(Covid19 Hospital)	
Covid19 Patient Name	Text(20)	
Covid19 Test	Checkbox	
Gender	Picklist	Male , Female
HospitalBed Amount	Number(12,0)	
Hospital Ventilator Amount	Number(12,0)	
Number of Days in Hospital	Number(12,0)	
OTHER Exp Amount	Number(12,0)	
Patient Age	Number(2,0)	
Patient Parent	Lookup(Patient Parent)	
Payment	Picklist	Successful , Pending
Ration Card	Picklist	APL , BPL and Dont have
Total Amount Pay	Formula(number)	

$$\text{Number_of_Days_in_Hospital_c} * \text{HospitalBed_Amount_c} + \text{Number_of_Days_in_Hospital_c} * \text{HospitalVentilator_Amount_c} + \text{OTHER_Exp_Amount_c}$$

4. Patient Parent (Object)

Field Name	Datatype	Values
Patient Parent Name	Text(80)	
Address	Text Area(280)	
Patient Name	Lookup(Covid19 Patient Major)	
Phone Number	Phone	
Relationship to patient	Picklist	Mention relationships(son , daughter , friend , Wife and Husband)

Conditions:

1. Hospital Email (Pending or Success)

Hi {!Covid19_Patiant__c.Name}
Your Payment {!Covid19_Patiant__c.Total_Amount_Pay__c}
is {!Covid19_Patiant__c.Payment__c}
Please pay amount as soon as possible
Thank You
{!Covid19_Patiant__c.Covid19_Hospital__c}

2. Payment Update Email

Hi {!Covid19_Patiant__c.Name}
Thank you for Trusting {!Covid19_Patiant__c.Covid19_Hospital__c}
we inform you that your Payment {!Covid19_Patiant__c.Total_Amount_Pay__c}
is {!Covid19_Patiant__c.Payment__c}
Thank you
{!Covid19_Patiant__c.Covid19_Hospital__c}

3. Hospital Billing Email

Dear {!Covid19_Patiant__c.Name}

Thank you Trusting {!Covid19_Patiant__c.Covid19_Hospital__c}

NOTHING CAN KEEP U DOWN.

After Covid19 recovery is hard, but we sure it will improve your quality of life in the long run. I hope you're feeling better now, and I can't wait to see you get back to your normal routine.”

Payment Details:

Patient Name - {!Covid19_Patiant__c.Name}

Parent - {!Covid19_Patiant__c.Patient_Parent__c}

Doctor - {!Covid19_Patiant__c.Covid19_Doctor__c}

Ration Card - {!Covid19_Patiant__c.RationCard__c}

Age - {!Covid19_Patiant__c.Patient_Age__c}

One Day Bed Amount - {!Covid19_Patiant__c.HospitalBed_Amount__c}

One Day Ventilator Amount - {!Covid19_Patiant__c.HospitalVantilator_Amount__c}

Treatment Days - {!Covid19_Patiant__c.Number_of_Days_in_Hospital__c}

Expense Amount - {!Covid19_Patiant__c.OTHER_Exp_Amount__c}

TOTAL AMOUNT - {!Covid19_Patiant__c.Total_Amount_Pay__c}

Your Payment {!Covid19_Patiant__c.Total_Amount_Pay__c} is {!Covid19_Patiant__c.Payment__c}.

Conditions:

1. Patients are able to get payment billing information whenever payment is successful.
2. Patients are able to get Hospital Email whenever Patients are admitted to specific hospitals.
3. Patients are able to get Billing success and Pending emails.
4. Fix Patient hold → APL (Bed amount: 5500 , HospitalVantilator Amount: 4000)
5. Fix Patient hold → BPL(Bed amount: 4000, HospitalVantilator Amount: 3500)

Use Process Builder/Workflow or Flows
